Cathedral COVID-19 Protocols for Fall Athletics
Updated: September 2, 2021

Please see the following COVID-19 related information as it pertains to our sports teams.

**All students 12 and over must be fully vaccinated in order to play on a sports team.**
Students under 12 must be masked while participating in athletics.

Participants on our sports teams should practice social distancing whenever possible.

For the fall season, spectators will NOT be allowed in the Crypt Gym or at away contests.

**Volleyball:** For practices and matches indoors in the Crypt Gym, players will be masked at all times. The team will travel to other schools to play matches and will also be masked and distanced at all times.

**Soccer:** Players will be masked during practices on the school grounds. For practices off school grounds, players will wear masks to and from school but may remove masks while playing. For games, players will wear masks on the sidelines but may remove them while on the field playing.

**Cross Country:** Runners will be masked when on campus. When the team leaves the school grounds to run in the local parks, they can be unmasked. Masks will be required when walking back to school and once they get back on campus.

While traveling to games on buses, all players will be masked at all times and spread out on the bus as much as possible. There will be no eating or drinking on the buses.

If you have any questions, please contact Terry Pfeifer at tpfeifer@cathedralnyc.org.
